WHEREAS, on March 9, 2020, I declared a state of emergency due to the dangers to health and life posed by COVID-19 and such declaration has been extended until at least July 4, 2020;

WHEREAS, Rhode Island has stabilized its COVID-19 hospitalizations and continues to see a sustained decrease in new hospitalizations per day;

WHEREAS, the State projects over the next 30 days that less than 70% of hospital beds available for COVID-19 patients will be used by such patients;

WHEREAS, Rhode Island estimates that the effective reproduction rate of COVID-19 is less than 1.1;

WHEREAS, Rhode Island has reduced the rate of spread of COVID-19 through physical distancing and other State orders effectively dampening overwhelming effects on the State’s healthcare system;
WHEREAS, despite progress in some key areas, the State continues to suffer from the effects of the pandemic;

WHEREAS, it is critical that Rhode Island's economic, cultural and civic life be re-opened to the greatest extent possible consistent with public health and that the public's health shall always be of paramount concern in connection with such re-opening;

WHEREAS, the factors continue to be in place for Rhode Island to cautiously continue into the next phase of re-opening its economic, cultural and civic life ("Phase III Re-Opening"); and

WHEREAS, as the pandemic wears on and the State continues its phased re-opening, Rhode Islanders must make every effort to assess and mitigate their individual risk of contracting COVID-19. While capacity and gathering size is increased in Phase III, I urge the public to keep exposure well below the caps set forth in this Executive Order; the lower the attendance and gathering size, the lower the risk.

NOW, THEREFORE, I, GINA M. RAIMONDO, by virtue of the authority vested in me as Governor of the State of Rhode Island, pursuant to Article IX of the Rhode Island Constitution and the Rhode Island General Laws, including, but not limited to, Title 30, Chapter 15, and Title 23, Chapter 8 do hereby order as follows:

Vulnerable Populations Strongly Advised to Remain Home

1. All vulnerable populations identified by the Centers for Disease Control and Prevention (CDC), which include those who are 65 years of age and older, are still strongly advised to stay at home unless they must go to work, travel for medical treatment or obtain other necessities such as groceries, gas or medication. The CDC identifies conditions that make people at higher risk for severe illness from COVID-19 at https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-at-higher-risk.html.

International Travel Restrictions Remain in Place

2. Any person arriving from a location outside the 50 states or the District of Columbia must immediately self-quarantine for 14 days upon arrival in Rhode Island.
3. Instructions for self-quarantine can be found at the Rhode Island Department of Health’s (RIDOH’s) website: https://health.ri.gov/diseases/ncov2019/.

**Domestic Travel Restrictions from Areas with High Community Spread Rates**

4. Any person coming to Rhode Island for a non-work-related purpose from locations with a high community spread rate as set forth on a list maintained by RIDOH at health.ri.gov/covid must immediately self-quarantine for fourteen (14) days or until such time as they receive a negative COVID-19 test. This quarantine requirement shall not apply to a person who has a negative COVID-19 test from a specimen taken no more than seventy-two (72) hours prior to arrival in Rhode Island. This paragraph shall not apply to public health, public safety or healthcare workers. It shall also not apply to anyone traveling for medical treatment, to attend funeral or memorial services, to obtain necessities such as groceries, gas or medication, to drop off or pick up children from day care, summer camps or to anyone who must work on their boats.

5. Instructions for self-quarantine can be found at RIDOH’s website: https://health.ri.gov/diseases/ncov2019/.

**Easing Limits on Indoor and Outdoor Social Gatherings**

6. All indoor social gatherings of more than twenty-five (25) people in any public or private space are prohibited. Notwithstanding these restrictions, indoor social gatherings in a restaurant or with licensed catering on site, such as weddings, may have up to fifty (50) people, provided that restaurant rules are applied. The lower attendance at such gatherings, the lower the risk.

7. All outdoor social gatherings of more than fifty (50) people in any public or private space are prohibited. Notwithstanding these restrictions, outdoor social gatherings at a restaurant or with licensed catering on site, such as weddings, may have up to one hundred (100) people, provided that restaurant rules are applied. The lower attendance at such gatherings, the lower the risk.
Easing Limits on Indoor and Outdoor Venues of Assembly

8. Subject to strict adherence to social distancing, masking, screening and sanitation protocols, indoor venues of assembly, including convention centers, concert halls, performance venues, and theaters may operate at up to 66% of capacity or 1 person per 100 square feet, subject to Phase III guidelines, to a cap of one hundred and twenty-five (125) people.

9. Subject to strict adherence to social distancing, masking, screening and sanitation protocols, outdoor venues of assembly that host events such as fairs, festivals, concerts, and performances may operate at up to 66% of capacity or 1 person per 100 square feet, subject to Phase III guidelines, to a cap of two hundred and fifty (250) people. Fourth of July celebrations up to this cap may be held, subject to beach and park rules available at: www.riparks.com/covid19. Municipalities may hold Fourth of July celebrations in excess of the 250-person cap but only if they adhere to beach and park rules and submit a plan to the Department of Business Regulation for review and approval.

10. Consistent with the foregoing restrictions on places of assembly, religious and faith-based organizations may conduct indoor, in-person activities up to 66% percent of worship space capacity, subject to a cap of one hundred and twenty-five (125) people and to the Phase III guidelines for religious and faith-based organizations which are available at https://ReopeningRI.com. Live streaming or broadcasting of religious services or attendance through outdoor drive-in services are permitted and strongly recommended, particularly for vulnerable populations, including those over 65 years of age. Outdoor religious services may operate at 66% of capacity to a cap of two hundred and fifty (250) people, with social distancing and masking in effect.

11. All houses of worship must develop a COVID-19 Control Plan which shall be available for inspection by the Task Force created by Executive Order 20-32. A template for COVID-19 Control Plans can be found at https://ReopeningRI.com.
Easing Limits on Other Places of Public Interaction

Office-Based Business Limits – Work Remotely to the Extent Possible

12. Working from home is still strongly encouraged when possible. For office-based businesses, up to 66% of workers may work on site at the same time as long as physical distancing standards, regulations and other guidance required in Phase III guidelines can be maintained. This guidance also applies to offices that were closed or operated with a minimal workforce on-site through Phase II within non-office-based businesses. For any workplace where more than 66% of employees have been working on site during Phase II, the employer is not required to reduce the number of staff on site.

13. All office-based businesses must follow state requirements on cleaning, screening employees, wearing masks, collecting contact tracing information, posting appropriate signs and notices and other health and safety protocols. Such businesses with employees returning to work must develop a COVID-19 Control Plan which shall be available for inspection by the Task Force created by Executive Order 20-32. Office-based businesses must review the guidance applicable to them available at https://ReopeningRI.com and must also complete a template for COVID-19 Control Plans available on that website.

Expansion of Retail Businesses

14. All retail businesses with a physical location in Rhode Island may continue to conduct in-store pickup and limited browsing. All retail businesses may now allow up to one customer per 100 square feet of store area open to customers generally. A list of critical and non-critical retail businesses can be found at https://dbr.ri.gov/documents/DBRCriticalRetailBusinessesList_04032020.pdf

15. Retail businesses and multi-tenant retail complexes or operations are required to review the applicable guidance available at https://ReopeningRI.com, regulations set forth by RIDOH, relevant executive orders and any other law applicable to retail businesses. All retail businesses must also develop a COVID-19 Control Plan which shall be available for inspection by the Task Force created by Executive Order 20-32. A template for COVID-19 Control Plans can be found at https://ReopeningRI.com.
Continued and Further Relief for Restaurants and Bars – Indoor and Outdoor Dining

16. Section 3-7-7 of the Rhode Island General Laws requiring a Class B licensee to sell alcohol for consumption only on the premises shall continue to be suspended. A Class B licensee is permitted to sell, with take-out food orders, up to 2 bottles of wine, 144 ounces of beer or mixed beverages in original factory sealed containers, and 144 ounces of draft beer or 72 ounces of mixed beverages containing not more than 9 ounces of distilled spirits in growlers, bottles or other containers sealed in such a way as to prevent re-opening without obvious evidence that the seal was removed or broken, provided such sales shall be made in accordance with Section 1.4.10 of the Department of Business Regulation (DBR) Liquor Control Administration Regulations, 230-RICR-30-10-1 and any other DBR regulations. Any restaurant, bar or establishment that offers beer, mixed beverages or wine pursuant to this Order must do so in accordance with the physical distancing protocols and regulations set forth by RIDOH.

17. Restaurants may continue limited indoor dining in addition to outdoor dining (subject to applicable municipal approval), pick-up, delivery, and drive-through operations subject to the requirements described in the Phase III Guidelines for Restaurants available at https://ReopeningRI.com and the regulations set forth by RIDOH. Licensed caterers must operate in accordance with these restaurant regulations.

18. Service to standing customers (e.g., in a bar area) is prohibited with the exception of food pick-up following the requirements for pick-up described in Phase III Guidelines for Restaurants and regulations set forth by RIDOH. An establishment’s indoor dining capacity is limited to 66% of an establishment’s regular seating capacity. Outdoor dining is still encouraged as long as the restaurant does not service more than its normal operating capacity. Additionally, if an establishment has established extra outdoor dining capacity in Phase II, that additional outdoor capacity may remain in Phase III if the municipality continues to approve such additional capacity (in accordance with the municipality’s approval processes). Parties of up to 8 people may be seated at an individual table, and customers are encouraged to minimize the number of non-household members with whom they dine.
19. Bars may remain open for seated service only and subject to the requirements described in the Phase III Guidelines for Restaurants and the regulations set forth by RIDOH. Given the need to reduce risk to customers, employees and the community once bars and bar areas within restaurants resume operations, the Phase III guidelines in effect for these businesses are required to follow the requirements in the Phase III guidelines. If, upon inspection by the Task Force, any business owner is found in violation of the requirements of these guidelines, the business may be immediately closed.

20. All restaurants operating in Phase III must maintain and/or develop a COVID-19 Control Plan (a template for COVID-19 Control Plans is available at https://ReopeningRI.com) which shall be available for inspection by the Task Force established by Executive Order 20-32.

Recreational/Entertainment Businesses and Historical/Cultural Establishments

21. Subject to strict adherence to social distancing, masking, screening and sanitation protocols, recreational or entertainment businesses and historical/cultural establishments, that are not venues of assembly, may conduct indoor and outdoor operations subject to a capacity limit of up to 66% or 1 person per 100 square feet, according to Phase III guidelines.

22. All indoor and outdoor recreational and entertainment establishments, that are not venues of assembly, including historic/cultural establishments must develop a COVID-19 Control Plan which shall be available for inspection by the Task Force created by Executive Order 20-32. A template for COVID-19 Control Plans can be found at https://ReopeningRI.com.

23. Nightclub operations must remain closed.

Further Relief for Personal Services Businesses

24. Personal services businesses and operations, including, but not limited to, hair salons and barbershops, nail salons, tattoo parlors, tanning parlors, estheticians, and massage therapists may open subject to all of the requirements of their professional or facility licensing, the requirements of the Phase III guidelines for personal services at https://ReopeningRI.com and regulations set
forth by RIDOH. Such personal service businesses may allow up to one customer per 100 square feet.

25. Particular personal services where masks cannot be worn continuously in accordance with this and other executive orders by both customers and professionals, like facials, make-up applications, facial hair removal, face piercings and face tattoos shall only operate as directed in regulations to be promulgated by RIDOH.

26. Given the need to reduce the risk to clients, employees and the community from the operation of close contact businesses, the regulations set forth by RIDOH in effect for these businesses must be closely followed. If, upon inspection by the Task Force, any business owner or professional is found in violation of these regulations, the business may be immediately closed.

27. All personal services businesses must develop a COVID-19 Control Plan which shall be available for inspection by the Task Force created by Executive Order 20-32. A template for COVID-19 Control Plans can be found at https://ReopeningRI.com.

Easing of Restrictions on Gyms, Fitness Centers and Small Group Fitness Classes

28. Outdoor group fitness activities are preferred but are limited to one person per 100 square feet, with all physical distancing guidelines to be observed.

29. Gyms and fitness centers may continue limited indoor operations subject to the requirements in the Phase III guidelines for gyms and fitness centers which is available at https://ReopeningRI.com and the regulations set forth by RIDOH. Activities involving physical contact or where physical distancing cannot be easily, continuously, or measurably maintained are still prohibited in Phase III, unless permitted in accordance with regulations set forth by RIDOH. In open gym settings, capacity is limited to one person per 100 square feet. All exercise space and exercise equipment must be thoroughly cleaned between uses. Whirlpools, communal saunas, and steam rooms, and all licensed pools may only be operated in accordance with regulations issued by RIDOH.

30. All gyms and fitness centers must develop a COVID-19 Control Plan which shall be available for inspection by the Task Force created by Executive Order

All State Parks and Beaches Remain Open

31. All state parks and beaches shall remain open subject to limits on use, parking, capacity and other restrictions. Those requirements and restrictions are available at www.riparks.com/covid19.

Child-Care Services to Continue in Small, Stable Groups

32. Child-care services shall continue in small, stable groups pursuant to emergency regulations promulgated by the Rhode Island Department of Human Services.

Summer Camps

33. Summer camps shall be open pursuant to regulations promulgated by RIDOH.

Elective Medical Procedures and Medical Services to Continue

34. Elective medical procedures and other medical services shall continue pursuant to plans submitted by healthcare providers and approved by RIDOH.

Enforcement Task Force to Continue its Education, Inspection and Enforcement Mandate

35. The Task Force created by Executive Order 20-32 shall continue its work to educate businesses, governmental entities and other establishments on safely maintaining and re-opening operations in Phase III. Task Force inspectors shall continue to conduct inspections of businesses, governmental establishments and other establishments as well as to enforce the emergency regulations promulgated by RIDOH. The Task Force, through RIDOH, shall issue compliance orders under Chapter 1 of Title 23.

36. The DBR shall make determinations regarding the ways in which a business, organization, or operation (or a portion of such business, operation or organization) is to be categorized within the provisions of this executive order or within other state guidance documents. In doing so, DBR may determine the
executive order and guidance provisions under which a business or organization is to operate or by which it is to be guided.

This Executive Order shall take effect on June 30, 2020 and shall remain in full force and effect through July 29, 2020 unless renewed, modified, or terminated by subsequent Executive Order.

So Ordered,

[Signature]

Gina M. Raimondo
Governor
